

EQUIP: PERSONAL EVANGELISM

Wally Gerstmeier

ONE HOPE
STELLENBOSCH CHURCH

Much of the Bible is written by men who were locked up for the Gospel but that didn't lock up the Gospel.

"Neither God, nor the gospel is in lockdown"

Jesus wants to become more real to us and stand with us in this time. Jesus wants to say significant things to us to flow from us. What has Jesus been saying to you in your secret space?

(John 20:19-26)

(John 4:35) - The Message

- God is using Corona to ripen the harvest.
- Churches shouldn't go into lockdown.
- Social but **NOT Gospel distancing.**

Most of the 50 people who will come to Jesus this year you probably already know.

Open your eyes and take a look at who is around you.

What should I do now?

- Begin to **start praying** for those people who don't know Jesus who are in your phone contacts.
- Write down names of the people you are going to pray for.
- Contact them.

- There are people in front of you and around you that God wants you to reach out to.
- It's often through kind acts that we get chance to serve the Gospel.
- Offer prayer (usually people want it)
- Pray the Gospel message
